

Career and Technical Education

Student of the Month

DECEMBER 2017

**STUDENT OF THE MONTH
NORTH AREA**

**Andrew Houston – Metal Fabrication
Amory Career and Technical Center**

INSTRUCTOR'S NAME: David Millender

**CURRENT GRADE: 2.9
ATTENDANCE: Perfect**

Andrew Houston, a student at Amory Career and Technical Center, is being honored by the Mississippi Construction Education Foundation as student of the month for the state's northern region.

Recognized for his strong work ethic and leadership skills, Houston is a member of Skills USA welding team that is preparing to compete for the 2018 state championship. He is NCCER certified with career planning and assessment scores that place him among the top 3 metal fabrication students in Mississippi.

Outside of the classroom, he is a member of Amory High School's nationally ranked archery team, plays saxophone in the varsity band, and volunteers after school at West Amory Elementary to help K-2 students prepare for the upcoming Lego League Jr. competition.

After graduation, Houston plans to attend Itawamba Community College and study welding.
