

Student of the Month – December 2016 South Central Area

SanQunette Nichols, Industrial Maintenance Claiborne County Career & Technical Center

Instructor's Name: Dennis Daniels
Current GPA: 3.7
Attendance: Perfect

SanQunette is a perceptive, sharp, quick individual with a wonderful spirit. Her personal strengths are as impressive as her intellectual accomplishments. She's an active, outgoing presence in class with a great sense of humor and a stellar disposition. SanQunette's the perfect person to get a group project rolling, but she also knows how to sit back and let others take the lead. Her cheerful nature and openness to feedback means she's always learning and growing as a learner, an impressive strength that will continue to serve her well in high school, college and beyond. SanQunette is just the kind of driven, engaging and curious student that helps make our school a lively environment and safe place to take intellectual risks.

Her responsibilities in class include conducting research, developing concepts, preparing concept boards and rendering final graphic illustrations for presentation. What is particularly impressive is SanQunette has taken on the leadership role as a non-traditional student and her ability to complete all other work on time, even when she is multi-tasking on two or more major projects. Frequently, she even completes her assignments ahead of time. Her projects are invariably thorough and comprehensive and her concepts are consistently creative and always appropriate and timely.

SanQunette is an active member of the Port Gibson High School track and field team and the softball team. She is a member of the National Honor Society and will be inducted into the National Technical Honor Society in February of 2017. Just recently, she received the "CTE Ambassador of the Year Award" for her outstanding achievements, leadership and character. Not only is SanQunette a leader in the classroom but also of the school where she demonstrated her ability to stop a fight, talked to them about conflict resolution and brought them to the office. She cared enough about the school, her teachers and her peers.

SanQunette's endless curiosity, combined with her willingness to take risks, illustrates that there will be no limit to her growth and achievements in college and all of her future endeavors.
