

Student of the Month – November 2014 South Area

Glenn Jones - Carpentry Wayne County CTE Center

Glenn Jones is a third year student in Construction – Carpentry. He is very respectful to not only the faculty and staff but also to his peers. He has no disciplinary history and his attendance is beyond reproach. Glen is a born leader in that other students look to him for guidance and instruction when the instructor is not available. He is a third year member of SkillsUSA/MCEF, and is now training to compete in two different competitions for the 2014-15 school year: Masonry and Team Works.

He received “Best All Around” in the Construction – Carpentry program for the 2012-13 (first year) and 2013-14 (second year). Glenn plans to attend MS Gulf Coast Community College and complete a trades program with an emphasis in welding.
