

## Student of the Month – November 2015 North Area

### **John Ethan Sharp, Metal Fabrication Amory Career and Technical Center**

Instructor's Name: Robert E. Smith  
Current GPA: 3.27  
Attendance: Perfect attendance

John Ethan is a second year Metal Fabrication student. He has no discipline referrals, always a great attitude and work ethic. He is NCCER core certified, scored 89 on the CPAS test which was in the top 2% of the state. He has been in the percussion section of the all superior AHS marching band for three years and is a member of the symphonic band. He is a member of Amory Students for Change.

John Ethan is always trying to improve his skills. During our adult night class that we have, he comes in on his own time to practice welding. He hopes to compete in the Skills USA welding team competition in the spring.

John Ethan's future plans include attending Itawamba Community College for two years and transferring to Ole Miss and pursuing a business degree. His goal is to one day own his own metal fabrication business.
